MAHMOUD SAEED

Phone: +966582878578 LinkedIn : Mahmoud Al-Ahmadi Email: mtmtaswh77@gmail.com

OBJECTIVE

Motivated and detail-oriented software engineer with a strong foundation in programming, application development, and technical support. Seeking to leverage expertise in multiple programming languages and frameworks to contribute to innovative projects, enhance organizational success, and continuously grow professionally through challenging opportunities and collaborative environments.

Experience

React Native Developer | Al Rajhi Bank | Feb 2025 – 31/1/2026

- Built and maintained React Native modules for iOS and Android banking applications.
- Managed tasks and workflows using Jira for timely delivery.
- Utilized Bitbucket for version control and collaborative code reviews.

Applications Programmer | NTG Clarity Network, Riyadh, Al Murabba' | 5/2024 – Present

- Developed an e-commerce project using Java, Angular, and Spring Boot.
- Added features and resolved issues in the NTGApp program.
- Trained and mentored new programming trainees.

Technical Support and Administrative Assistant | Gulf Institute for Training and Education, Buraydah | 2021 – 2022 (8 months)

- Installed and configured Windows and essential software.
- Repaired and maintained company hardware.
- Conducted Microsoft Excel training sessions.

Technical Support | Al Khaleej Training Institute, Upper Riyadh | 2020 (6 months)

- Installed and maintained Windows operating systems and applications.
- Diagnosed and repaired hardware and software issues.
- Supported users with Microsoft Office and Teams installation.
